

## 2 Day Confined Space

### Overview:

This nationally recognised training course is suitable to those participants who will be working in or around confined spaces, issuing work permits and needing to operate gas detectors in the resources and infrastructure industries. Participants will gain the knowledge and skills to identify risks, review risk assessments and enter confined spaces in accordance with an issued work permit as well as issuing work permits to conduct work under the relevant legislation and Australian Standards for confined spaces. Participants will complete practical training in a simulated environment using the appropriate PPE and equipment.

### Pre-requisites:

Not applicable

### Licence & Regulatory Requirements:

It is industry recommendation that participants who obtain this competencies complete recertification training every 2 years

### Units of Competency:

On successful completion participants will be issued with a statement of attainment with the follow:

MSMPER200 Work in accordance with an issued permit

MSMPER205 Enter confined space

MSMPER300 Issue work permits

MSMWHS217 Gas test atmospheres

RIIRIS201D Conduct local risk control

RIIWHS202D Enter and work in confined space
