

PUAFER008 Confine small emergencies in a facility (Fire Extinguisher)

Overview:

Our workplace first response fire training course will ensure that all your employees are suitably trained in the safe use of fire extinguishers, fire hose reels and fire blankets. This training course includes both a theory and a practical component to ensure that your employees can safely handle small workplace fire incidents.

Course Subjects

- Fire triangle
- Fire safety and evacuation
- Types of fire extinguishers
- Firefighting tactics
- Raising the alarm
- Classes of fire
- Safety procedures when fighting fires

PRACTICAL SESSION: Participants will gain hands-on practical experience with fire-fighting equipment (fire extinguisher, fire hose reel and fire blanket). Participants will also be instructed on correct firefighting tactics and safety procedures.

Pre-requisites:

Not applicable

Licence & Regulatory Requirements:

Due to industry standards this course is required to be completed every 2 years to stay up to date with the current legislation.

Units of Competency:
