Queensland Mining Introduction Course (Standard 11) – Surface only

Overview:

This course has been designed to introduce participants to relevant Queensland legislation, accepted practices, and safety procedures that are used on metalliferous mining sites in order to create and maintain a safe and healthy working environment. This course focuses on the health and safety of all people who work on, visit, or supply materials and services to a mine site. The Standard 11 is the current requirement for anyone wishing to work in the Queensland mining industry. Participants will gain the fundamental skills and knowledge to carry out hazard identification, risk control, use and control of hazardous substances.

Pre-requisites:

New entrants will be required to complete an on-site mine verification logbook signed off by a mining site supervisor (in addition to the training component). Students have 6 months from the date they receive the logbook to complete and submit it. Participants must also have access to a reliable computer with email and internet access to complete the pre course online training. Mobile phones or tablets are not compatible with the online training portion of this course.

Licence & Regulatory Requirements:

It is industry recommendation that participants who obtain these competencies complete recertification training every 5 years.

Units of Competency:

On successful completion of the theory training, participants will be issued with a **statement of completion** with the following units:

RIICOM201E Communicate in the workplace
RIIGOV201E Comply with site work processes/procedures
RIIWHS201E Work safely and follow WHS policies and procedures
RIIRIS201E Conduct local risk control
RIIERR205D Apply initial response first aid
RIIERR302E Respond to local emergencies and incidents

Participants are **then** required to complete a work experience logbook signed off by a supervisor in the mining industry to obtain a **statement of attainment.**

FOR DATES/BOOKINGS

Delivery method

This course is run as a blend of online/self-paced learning and face-to-face training.

Pre-course work:

Online/self-paced training. This training involves reading through manuals and completing online written exams. Online training **must** be completed prior to the face-to-face training.

Face-to-face work:

Half-day classroom practical training.

New entrants will be required to complete an on-site mine verification logbook signed off by a mining site supervisor (in addition to the training component). Students have 6 months from the date they receive the logbook to complete and submit it.

Group bookings available. Contact us for more details.

Students have 6 months from the date of enrolment to complete the online training portion of the course. Support for this online training is done via email with an assessor.

Fees and charges:

New Entrant - $600 (Surface only)

Refresher - $300 (must supply **current** Standard 11 Statement of Attainment)

Group bookings, please contact us for pricing. Fees include all assessments and resources required in the classroom

Payment Plan

A Zip payment plan is available for this course.

If you have a zip account and wish to set up a payment plan, please contact us on 07 3269 5005 and we will be happy to assist you.

Option 2 Recognition of Prior Learning (RPL): $300

Refund, Cancellation and Transfer Policy

Please take the time to familiarise yourself with our refund and cancellation policy on page 8 & 9 of our Student Handbook. This handbook also includes more details on training and support services, as well as our terms and conditions. **Note for international students – we are not CRICOS registered, please check your visa requirements for enrolment. We cannot accept international students who are on a student visa if your visa specifies that you must study with a CRICOS provider.**
