

## CPCWHS1001 Prepare to work safely in the construction industry (White Card) Face-to-Face (QLD)

### Overview:

This nationally accredited unit of competency specifies the outcomes required to undertake Work Health and Safety (WHS) induction training within the Queensland construction industry. It requires the ability to demonstrate personal awareness of WHS legislative requirements, and the basic principles of risk management and prevention of injury and illness in the construction industry. This course is commonly known as White Card training, or formerly, Blue Card training.

All states and territories have agreed to implement the **National Code of Practice for Induction for Construction Work** which has been declared by Safe Work Australia. The result is a nationally consistent approach to construction induction training given to workers across Australia. It will also mean that White Cards from any Australian state or territory are recognised nationally.

### Pre-requisites:

Students must provide us with **3 documents as EOI (evidence of identity) as per the list provided** prior to undertaking the White Card training.

### Units of Competency:

On successful completion participants will be issued with a Statement of Attainment with the following unit:  
CPCWHS1001 Prepare to work safely in the construction industry

Participants will also receive a Queensland Construction Induction card (White Card)

### Delivery method:

4.5 hours classroom (approximately)

### Fees and charges:

\$75

Fees include all assessments and resources required in the classroom

### More information:
