

Manual Handling (non-accredited) training

Overview:

This course is designed for workers who are required to undertake manual handling tasks in their day-to-day work. Manual handling tasks are tasks that involve lifting, lowering, pushing, pulling, moving, holding, restraining, or carrying.

This course will cover the following topics:

- Types of hazardous manual tasks.
- The risks associated with hazardous manual tasks.
- How to perform a risk assessment.
- Ways of reducing the risk of injury/implementing control measures.
- Techniques for performing manual tasks safely.

This course is a non-accredited course.

Upon completion of the training, participants will receive a certificate of completion for their manual handling training.

Pre-requisites:

Participants must have basic computer skills and access to a reliable computer with internet and email access.

Delivery method:

This course is estimated to take 90 minutes.

Fees and charges:

\$39 (includes GST)

Fees include all assessments and resources provided online.
